VI. OLD BUSINESS

VII. NEW BUSINESS

- A. Response to University's Operational and Academic Changes
 1. Currently determining final response for operations – still taking Honor reports but all case processing is paused. Transitions to new Committee will happen as soon as possible but potentially delayed. Committee meetings will continue to take place on Zoom but SO pool will happen through emails. Looking into options for online case processing, especially for graduating students. Probably will leave all hearings until fall, but hoping to get cases through I-Panel online if possible. Scheduled to get full message out by Wednesday in conjunction with UJC for all students to be aware of how student disciplinary processes are continuing for the rest of the semester.
 2. Committee members discuss different ways that Honor can help support students in need – could potentially use remaining cosponsorship funding to fill specific needs in schools or support mutual aid funds currently being established among students to help support those affected by COVID-19.
 3. Committee members discuss ways to maintain Honor System with all students off-Grounds. VCE MB discusses need to create sense of community of trust among students in online classes by having representatives remind students in their schools to maintain honor and integrity in online classes during the rest of the semester. Chair LL states that Committee representatives should draft an email to send out to students to support them in a difficult time and keep Honor in people's minds. Committee members suggest different ways to support students with different resources that could help them in addition to keeping students up to date with Honor.
