            a) Finalized Bylaws by mid-June
   D. Discuss the role of the Policies & Procedures Sub-committee
      1. Hamza’s goal for committee meeting is to talk about discussion points in
         discussion/debate format, but not writing sentences of language of by-laws together
            a) Flesh out what system should reflect instead
            b) Vision to have discussion items at committee, and the P&P translates it into
               text the week after for us to review and vote on
2. Sunday 16th Item – continuation of case processing is moved up to today
3. Have both P&P Co-Chairs selected by the end of this week, will attend our Committee meetings
4. Talking about amending the Zoom by-laws that last Committee created (language in by-laws that quorum requires in-person attendance of $\frac{2}{3}$)
   a) If in-person quorum, then virtual attendees can vote
   b) Hamza wants to expand this language, especially for after the semester ends
      (1) Will be working on language with Daniel and others to make more general language that quorum is $\frac{2}{3}$ in whichever way a meeting is conducted
         (a) Will review this in Committee when we get there
            (i) Hopefully ready by the subsequent 2 committee meetings
      (2) Technically considered a public body in the state of Virginia, but we are proceeding as a public body would
         (a) If make this change, will have a public line available on the Zoom line to give to the Cav Daily so they can disseminate it to the public
            (i) Need help with having a lot of people on Zoom and it not being disruptive
E. Discussion on the continuation of case processing
1. Should the committee continue operating under a single-sanction system for reports received after the referendum passed (March 2, 2023)
   a) Currently – any reports before July 1 are subject to a single-sanction system
      (1) Legal counsel (Nerissa) gave 2 options:
         (a) Continue with current policy, which is assumed because we haven’t released a statement saying otherwise (until July 1, make it single sanction)
         (b) Allow student to decide (any case between March 2 and July 1, the student can pick if it proceeds under the single sanction, or they could place their case on hold after an initial investigation – before IR meeting)
            (i) IR meeting would be held on/close to July 1
               (a) Multi-sanction directly impacts the IR decision
      (2) Hamza – 88% of students voted for a rehabilitative Honor system, could actualize on this mandate today
      (3) Rachel – better for case processing, better to not have 2 conflicting systems maybe happening in the fall
      (4) Daniel – have to make it clear its a choice, not make them swayed one side
      (5) Nishita – role of advisors to make this call, some reporters don’t want to report
         (a) Daniel – have committee members make the call/have the conversation
      (6) Tim – include it in the university-wide email or on the website, so people understand the current, immediate impact
      (7) MK – makes the most sense since the student body was notified of and voted for the choice, as well as the professors
(8) Jonathan – concerned about email going out to students and professors
   (a) Hamza– only goes to students but send another to faculty
(9) David – do Hamza’s emails go to Darden?
   (a) Hamza– thinks all enrolled UVA students
 b) Vote – the second option passes unanimously
 c) Kasra – is the agenda for President Ryan similar to what you shared with us?
   (1) Hamza – yes, about timeline, results of referendum, make sure he knows what they are
